An Introduction to Art Appreciation

HO SOU PING

This book, forwarded by one of Singapore's most prominent artist Mr. Tan Swie Hian, has Mr. Ho Sou Ping's best works for the last two years.

Moreover, a significant section of the book has been devoted to the subject of art appreciation. The essays will help amateurs new to the art market to learn how to appreciate art, which is one of the most often asked questions. There is also a section on how to do art investments.

The contents in this book are one of its kind in the market! Not to be missed if you are new to buying art, interested (but do not know how to go about doing it) in art, or if you are supporter. 😊

The retail price for this book is S\$20. Artcommune is offering this to our customers at a hefty 40% discount (i.e. \$12) off the retail price
